

A MODERN HANDLE FOR ENTRY LEVEL SLIDING PATIO DOORS

MINIMALIST STYLING, COMPACT PROFILE

Designed for today's most popular sliding doors, the contemporary small format handle pairs a compact footprint with a clean, modern profile. The one-piece design simplifies installation, while offering a comfortable grip.

PRODUCT DETAILS

- Available in aluminum or zinc substrates in the most popular finishes for the entry-level market
- Contemporary single-piece construction simplifies installation
- Intentionally designed for comfort
- Designed to fit industry-standard fabrication patterns, including offset (4-hole) and centered (3-hole) layouts
- Offered in multiple configurations: semi-active (non-keyed), active (keyed-in offset or centered options), and inactive (dummy)
