

Butt Hinges

Hinges

Butt hinges are popular options on round-top and trapezoid style windows - designed to provide maximum egress opening on casement windows. A majority of the hinge itself is concealed within the window's frame creating a more pleasing exterior appearance than is the case with most exposed hinge systems. Hinges provide tamper-resistance when the window is in the closed position by providing concealed mounting. This hinge concept enables the window manufacturer to design a window that is not only easy to install but is also relatively maintenance free.

AVAILABLE COLORS

					
Black	Matte Black	Antique Brass	Brass	Bright Brass	Sahara Beige
					
Chestnut Bronze	Faux Bronze	Brushed Chrome	Satin Chrome	Aluminum	
					
Oil Rubbed Bronze	Oil Rubbed Bronze 52	32 White	White		

PRODUCT HIGHLIGHTS

- High weight capacity
- Can add multiple hinges to increase weight capacity
- Available for both wood and aluminum applications
- Provides for an exterior pivot point for improved egress opening
