PRODUCT HIGHLIGHTS

- Escutcheon design that works with narrow stile profiles
- Designed to function with industry standard mortise locks (single and two-point)
- The home-owner can visually verify that lock is engaged with 90-degree thumb-turn rotation
- The thumb-turn is located above the handle for convenience and ease of use
- With a Schlage C-keyway cylinder, homeowners can key all doors alike
- Available in keyed, non-keyed, and passive versions
- Gasket behind escutcheon plate reduces air infiltration from the exterior.
- Weep hole on exterior escutcheon plate prevents water
- Available in both active and passive functions
