

Maxim[®]

Locks

The attractive, easy-to-operate Maxim locking system (compliments the Maxim operator and hinge system) is high-performing, and a great value in casement and awning window locking hardware.

Solid and secure locking for vinyl, aluminum, and fiberglass window systems. With Multi-Point for casement and Single-Point for awning or casements, this advanced locking system complements Maxim Operators & Hinges. Whether a right- or left-hand window, this system utilizes a non-handed design to help reduce inventory.

PRODUCT HIGHLIGHTS

- Quick and easy installation, with industry-standard cut-out that generally requires no tooling
- Non-handed lock design
- Offered in both single-point and multi-point (short, medium and long)
- Pairs seamlessly with the large Maxim tie bar that are available in steel and stainless steel
- The lock-to-tie bar attachment makes installation fast and easy. Maxim's "zippered locking effect" assures engagement of the top lock point. With .625" of reach out capability, the window can be locked without being completely closed.
- Closed operating system minimizes the opportunity for air, water, light, and insect intrusion
