

Engineered Solutions. Trusted Results.

PUSH-OUT HARDWARE

Hinges

These high friction hinges were engineered to fit in the standard hinge cavity, helping to stabilize open sash on windy days.

product highlights

- Available in stainless steel as a standard
- Available in two sizes (10" and 14")
- With egress or washability options to choose from
- Same snap-stud design as standard 2 bar hinges and optional hinge stops are available for larger window applications
