## HANDLE SETS

### Allure® 40.85

With its distinctive styling, Allure's one-piece handles enhance any size patio door. Compatible with industry standard single or multi-point mortise locks, Allure provides remarkable strength and reliability. Our attractive new handle set for the sliding patio door market offers one of the most stylish looks in handle sets. We have designed a one-piece patio door handle that appears pleasing on any sized patio door. The Allure's one-piece aluminum construction provides remarkable strength and reliability.

The low profile handle helps to minimize interference with screens and other door treatments such as curtains and blinds. This unique non-handed handle design helps to reduce part count and inventory concerns while the system itself is made to adapt to stile thicknesses ranging from 1.25" - 2.25".

## Product Highlights

- One-piece construction to provide the strength and reliability you expect at a greater value
- Compatible with industry standard single or multi-point mortise locks
