HANDLE SETS

Legacy 98.01

An industry legend, the Legacy series was the first handle to challenge the market previously dominated by wood grip handle offerings. This timeless look still remains very popular with home-owners due to the fact it blends nicely with both contemporary and traditional styling. The patented, slotted thumb-turn design allows for off-set fabrication to achieve a deeper stile penetration into the jamb. Available in our full assortment of finish styles.

Handle options include:
